## STUDENT CORNER

BY JOHANNA (3RD GRADE)

Johanna and the 3rd grade students of Cornell and Brown are creating biography books in Library. Students have learned 21st century research skills during this lesson. Here are Johanna's thoughts about the biography research project.

*"I'm learning about Franklin Roosevelt. I like that we can make our own book about people we chose. Something challenging so far is that we have to do a lot of writing and searching and might forget about stuff we found. I like using the computer to help me find stuff about Franklin Roosevelt. There's a lot of cool stuff on Kidrex."*
